

GIS Technology Coordinator – ITS4

Division:	Real Estates Services
Recruitment Number:	08-HQ-079
Location:	Tumwater
Salary:	\$53,436 - \$70,092 annually depending on qualifications
Posting Date:	Friday, May 02, 2008
Closing Date:	Wednesday, May 14, 2008

Position Profile: Are you currently a GIS Analyst and is looking to expand your horizons? The Washington State Department of Transportation Real Estate Services Office is seeking an individual who possess project management coupled with technical skills in GIS. Working for an agency that is nationally recognized and is leading the way for new technologies in GIS activities, you will:

- Be challenged in your new role as the key coordinator in the integration of the Real Estate Services Data Management System (Integrated Reality Information System).
- Direct and mentor a growing staff of technical professionals.
- Serve as the agency expert on GIS issues relating to Real Estate Services.
- Develop procedures, find solutions and deliver projects that will affect the agency statewide.
- Work collaboratively with internal and external stakeholders.
- Prioritize and coordinate work flow for project deliverables.
- Lead project teams and set direction with project activities, change control and issues resolution.

This position will allow you to develop both personally and professionally. If you are interested in working in a fast paced, friendly, flexible and challenging environment, we encourage you to apply.

The successful candidate will:

- Communicate effectively both in the written and oral form. Have the ability to prepare and deliver high-quality presentations and translate technical information to diverse audiences.

- Respond to technical questions and resolve problems regarding GIS software tools, applications, and products.
- Possess modern and progressive people management skills.
- Learn and apply contemporary software development system life cycle and project management methodologies.
- Travel statewide for meetings and conferences with the ability to stay overnight

Desired qualifications include:

- A bachelor's degree in Geography, GIS, Computer Science or related field.
- At least three courses in GIS and/or mapping fundamentals that covers projection, scale, map design, GIS analysis, and data input in to a GIS.
- Formal training in ESRI GIS environment, either through college coursework, vendor classes, or WSDIT GIS classes and three or more years experience using ArcGIS software.
- Familiarity with the concepts of linear referencing and parcels as assemble in GIS.

Compensation: \$53,436 - \$70,092 annually depending on qualifications.

Outstanding benefits including health, dental, life and long-term disability insurance; vacation, sick, military and civil leave; dependent care assistance program; employee assistance program; deferred compensation plans; educational benefits program; 11 paid holidays; and state retirement plans.

Note: This position is covered by a union shop provision. Therefore, as a condition of employment, candidates who are appointed are required to become members of the WFSE, or arrange to pay to that union a fee equivalent to its regular monthly dues. The union shop provision shall be effective on the first day of the month following the employee's initial 30 days in this classification.

How To Apply:

To be considered for this position, we would like to have the following materials **(combined into one document)** sent to hqhr@wsdot.wa.gov by **5:00 p.m. on May 14, 2008:**

- [WSDOT Employment Application.](#)
- Letter of interest. Your letter of interest should describe how you are able to complete the job requirements that are listed under "The successful candidate will:" of this job announcement.
- Chronological Resume.

Be prepared to provide references at the time of interview.
